Summary

Frontend developer with great experience in React, Next.js, JavaScript, and TypeScript, with the ability to work with Node.js if needed. My goal is to deliver high-performance and aesthetically pleasing results. I am proactive, curious, highly motivated, and detail-oriented, with strong communication and problem-solving skills. I'm fluent in English and Portuguese, with conversational proficiency in Spanish.

Education

Bachelor of Science in Computer Science

Estácio
abr., 2024 - out., 2028

Work Experience

Junior Full Stack Developer

Rocha Empreendimentos Imobiliarios

jan., 2023 - ago., 2024

Responsible for creating the company's portfolio featuring all its properties and resolving any bugs. Displayed detailed property information and integrated the Google Maps API to show each property's location on a map, along with nearby services. The project was developed using Next.js and TypeScript.

Junior Seo Analyst

Bau da Mulher

abr., 2023 - jul., 2023

Optimized a women's haircare website using SEO (Search Engine Optimization). Conducted keyword research, created high-quality content, and implemented on-page optimization techniques.

Sales Representative

RM Dent Repair

jan., 2022 - set., 2022

Conducted door-to-door sales for a bodyshop, managed customer interactions, facilitated insurance claims, and handled financial transactions. Also took care of repair and car rental appointments.

Ecommerce Manager

Bambu Shop

fev., 2020 - jan., 2021

Managed an e-commerce store on Shopify. Responsibilities included sourcing products, writing descriptions, and managing ads on Google and Facebook. Handled product purchasing, supplier communication, shipping processes, and payment operations.

Projects

Portfolio Website

mai., 2024 - jun., 2024

<https://pedrocnadais.com>

Next.js and TypeScript application, integrated with RESEND to receive contact emails directly in my inbox.

- Displays all my projects
- Easy to get in touch with me through the website

Online Public Library

abr., 2024 - out., 2024

Created a full stack web application with my personal list of books, using Next.js, TypeScript, Node.js and PostgreSQL.

- Web scrapping for new titles added
- Automatically updates the main table with newly added titles

Google Chrome Extension

set., 2024 - set., 2024

Video downloader google chrome extension that downloads videos on the web directly to your machine.

- Verifies for links and blobs
